# WHAT IS GOOD FOOD?

If we all get behind the **Good Food Movement** we will create a local food system where everyone can eat healthy, nutritious food that is produced in a way that protects the planet and protects the jobs of Shropshire people.

It's easier to make this happen than you think! All it takes is more of us making small changes, like where we buy and eat our food. Are you up for the challenge?

**HEALTHY**  
It provides nourishment and enables people to thrive.

**GREEN**  
It is produced in a nature positive way and not wasted.

**FAIR**  
Everyone along the food chain has been treated and paid well.

**ACCESSIBLE**  
Everyone has access to local affordable, quality food and the knowledge and skills to grow, buy, cook and enjoy Good Food.

Good for people – Good for place  
– Good for planet –

**WHAT CAN YOU DO TO SUPPORT SHROPSHIRE GOOD FOOD?**  
Take the trip along the trail and...

- Buy more of your food from local and independent food producers and shops.
- Grow some of your own foods at home or in your community gardens so you can enjoy fresh, seasonal and organic produce.
- Eat more unprocessed food such as plants and sustainable meat and dairy.
- Make the most of your food and minimise waste, compost or recycle anything that you can't use.
- Ask where your food comes from and how it was produced.
- Choose fairly traded goods and trusted labels like MSC for fish.
- Share your Good Food journey with others.

Are you ready to get on the Good Food Trail??
